

Traineeship Delivery

Directions is a Private Training College that offers quality assured and nationally recognised training for traineeships.

Directions can provide traineeship delivery in almost any qualification including Business, Retail, IT, Government, Warehousing and Community Services including Education Support.

Trainees will be trained in the workplace. Directions provide training support by offering a dedicated Training Officer and self-paced learning resources which can be made available online.

Workplace supervisors play a key role in ensuring the successful completion of the workplace learning approach. Directions consults with supervisors to tailor the training plan to suit the business and the student.

The dedicated Training Officer becomes a mentor for the trainee and will regularly visit, phone and email to provide support, training and guidance.

Directions also provides additional services in relation to traineeships:

- Source and interview prospective candidates eligible for the traineeships
- Traineeship employment management
- Career Development support
- Coordinate parent, student and employer information sessions
- Contextualisation of learning material in conjunction with employer

At Directions you will be met with an experienced, efficient and friendly team who are passionate about developing the workforce and providing a customised service
